What's Inside the Box:

Trace5

Trace5 comes with everything that you could need for GPS tracker installation. Each box contains – **Trace5 GPS tracker, OBD Harness, 5 zip ties** and a piece of **double-sided tape.**

OBD Harness connects the Trace5 GPS tracker to the vehicle. It has two connectors – 12 pin connector and OBD2 connector. Simply plug-in 12 pin connector to the tracker and OBD2 connector to the vehicle and that's it – GPS tracker installation is complete.

Zip ties and a piece of **double-sided tape** is used to mount GPS tracker to the vehicle.

With everything at hand, Trace5 installation is quick and simple.
